DON'T KNOWwhat a comfort it is to
have ready at hand a
remedy that never fails
to relieve Constipation,
and that, without pain or
discomfort; and almost
immediately cures head-
aches, and dispels every
symptom of Dyspepsia.
Such a remedy is found
in Simmons Liver Regu-
lator—not a sweetened
compound to nauseate, or
an intoxicating beverage
to cultivate an alcoholic
appetite, but a medicine
pleasant to the taste, and
perfectly harmless when
given to the smallest
child. S. L. R. never
disappoints. It possesses
the virtues and perfec-
tions of a reliable remedy
of the kind endorsed by
eminent physicians."It affords me pleasure to add my testi-
mony to those you receive annually in

consider Simmons Liver Regulator the
best family medicine on the market.
I have prescribed it with excellent results."

A Little Fishy.

"I see by the papers that some young
lady fisher of men at an eastern summer
resort recently landed a mermaid 'a foot
long and as black as ebony.'" said Isaac
Bergman recently in the rotunda of the
Lincoln. "I once had a stranger catch
than that. I was whipping a stream in
New Hampshire for mountain trout
when I landed a creature half man and
half fish. Its head, neck and breast were
perfect, barring hair, of which it had
none. It might, however, have been a
patron of the submarine diet. Its fingers
were well developed, and from the waist down it
was a tail, wriggling and the eyes
were black as ebony and had a vicious
look. The creature was perhaps four-
teen inches in length and, hard to hold
as a 10-pound trout. I put it in my pail,
and it at once began a series of extenua-
tion on the other side of the water, killing
them all in a very few minutes. Then it
began to choke at its confinement,
striking and biting at the sides of the
pail. It kept this up for several hours,
and then floated to the top of the water
dead."—St. Louis Globe-Democrat

Fido-dese Among Schoolboys.

In Vienna suicides and attempts at
suicide occur very frequently among
schoolboys and apprentices dreading
punishment from severe parents and
masters, and recently a little boy swung
himself off over the balustrade of a bridge
over the Danube canal, and was drowned
before the boatmen could reach him.
The little suicide was but ten years old.
He had stolen and eaten unripe grapes
in the garden of a neighbor, and threw
himself into the water rather than
face the chastisement threatened by his
father.—Cor. London News.

They Say They Saw a Phantom Train.

The people living in the neighborhood
of Carrolltown are talking of little else
just now than a phantom train which a
dozen citizens declare they saw passing
through the Strittmottor tunnel, which
has just been opened. This train, they
saw, whistled, puffed and groaned like
an ordinary train, and then, with a
great roar, as though in a mighty col-
lision, vanished. The superstitious think
the phantom train is a warning of a ter-
rible accident that will take place on
the new road.—Cor. Philadelphia Rec-
ord.

An Electric Canoe.

The newest kind of craft on the Thames
is an electric canoe. Woodhouse and
Ravens have built one that attained an
average speed of more than six miles an
hour when tried. It is mahogany, 18
feet long by 3 feet 9 inches beam, with
a draft of about a foot. The canoe is
fitted with a half horse power motor,
and will carry four persons.—Pall Mall

GENERAL WEAVER AND SILVER.

It has been charged by the goldbug papers of Nevada that General Weaver has not been a free coinage advocate and that he was once nominated on an anti-silver platform. This falsehood was refuted in a communication to the JOURNAL by District Attorney Julien, who quoted the financial plank of the platform on which General Weaver was nominated in 1880, one clause of which was that "the unlimited coinage of silver as well as gold should be established by law." This platform can be found on page 65 of "American Politics," by Thomas V. Cooper, Chairman of the Republican State Central Committee of Pennsylvania and it shows that General Weaver advocated free coinage in 1880 as he does today.

In an article on this subject the Denver News says:

"Ex Senator Thomas M. Bowen, one of the Harrison electors for Colorado, who has known General Weaver for a lifetime, said recently in a speech at Oresco: 'James B. Weaver is a patriotic, honest and powerful man and a true friend to silver.'"

Of General Weaver's silver record Senator Stewart says: "He has fought for the free and unlimited coinage of silver ever since the fraud of 1873 was discovered. His speeches in the House on that subject are equaled by few and surpassed by none."

"From the day that the demonization fraud was discovered," says the News, "General Weaver has been prominent as a consistent and forcible exponent of the free and unlimited coinage of silver. He has never varied to the breadth of a hair from that course, and has never lost an opportunity to strike a manly blow for the cause. His speeches in Congress are the ablest that were ever delivered in behalf of the white metal, and furnish the stock for most of the free coinage speeches and literature in use in this campaign. On May 9, 1879, when the Warner free coinage bill was before the House, General Weaver delivered one of the most pungent and exhaustive arguments for the unrestricted coinage of silver that was ever listened to by that body. It will be found in Vol. IX, part I, of the Congressional Record. On May 10, 1880, a bondholder's bill to refund a portion of the National debt being the question, Mr. Weaver made a grand plea for the people as against privileged classes. It will be found in the Congressional Record, p. 185, Vol. X, part 5. The people's champion insisted on paying the sum involved, instead of refunding and taxing the country with more interest. He demanded the payment of the debt by applying the surplus revenue to its extinguishment; by paying out the silver then in the Treasury; by operating our mints to their full capacity in the coinage of standard silver dollars; and by levying a judicious income tax upon the wealthy, who now escape most of the burdens of taxation."

ALL FOR FREE COINAGE.

Hon. Thos. Wren who has been among the people in the eastern part of the State, reports the greatest unanimity for the Silver ticket. In several counties there is not a shadow of a silver ticket in the Wall street parties left. The Silver ticket will come to the aid of the Humboldt, which is old times and the political dividing line or boundary between Western Nevada and the Great West, with a large majority. This will be greatly increased in Washoe, Storey, Lyon and Eschsch counties. The whole Silver ticket will be elected in the State, Mr. Wren thinks, by three or four thousand majority.

The people throughout the State are thoroughly aroused. They all see the necessity of severing old party ties to further the interests of the State. They have nothing to expect for our great industry from the Wall street Presidential candidates. Both are committed against free coinage and nothing less than that will revive business in Nevada. The intelligent citizens who are not seeking office, say there should be but one ticket in the State, and that there should be but one were it not for a few individuals who prefer office to free coinage. The general opinion is that we should emphasize the demand for demonization in the most positive manner, and that as Stewart and Newlands represent the old elements of the people, they should receive the vote of every citizen who is interested in the welfare of the State.

TELEGRAPHIC NEWS

Mrs. Harrison's Death.

WASHINGTON, October 25.—Telegrams have been received at the White House from prominent persons in all parts of the country deeply sympathizing with the President. Ex-Secretary Blaine, ex-President Cleveland, Cardinal Gibbons, Queen Victoria and many other distinguished persons have sent messages of condolence to the President.

The funeral services will be held Thursday morning. They will be private, the admission being limited strictly to those invited. Only relatives, members of the Cabinet and their families, and a very few intimate friends will be in attendance. As far as the official position of the President will permit, the services will be the same as in the case of a member of a private family. They will be held in the East room and conducted according to the Presbyterian form by Rev. T. S. Hamlin, pastor of the church which the President attends. The body will not lie in state. After the services the body will be taken to Indianapolis, where services of a more public character will be held in the First Presbyterian Church and the body will be interred in the Crown Hill Cemetery.

The death in the White House of Mrs. Harrison makes the second case in the history of the Executive Mansion in which the wife of a President died there. On September 10, 1842, Letitia Christian Tyler, first wife of President John Tyler, died in the White House. She entered it in delicate health and was unable to perform the social duties of the place, but death, nevertheless, came as a surprise and a shock to the country, the tolling of church bells following the announcement of her death. The funeral ceremonies took place in the East room. Two Presidents died in the White House—William Henry Harrison, the President's grandfather, ended his days there just one month after his inauguration. Zachariah Taylor, the old Mexican war hero, also died in the White House in July of the second year after his inauguration. There have been a few other deaths in the history of the building, of which two were members of Presidents' families. Abraham Lincoln's little boy (Tad) died there, and so did Frederick Dent, Mrs. Grant's father. During President Arthur's Administration the call of death interrupted his New Year's Day's reception. While the reception was in progress the Hawaiian Minister suddenly fell and died in a very short time.

Secretary Rusk will reach here to-night and Secretary Elihu will also arrive in time for the funeral, so that all the members of the Cabinet will be present. They will act as honorary pall bearers at the services in this city. Vice President Morton may also be asked to serve. The body bearers will be employees of the White House and the pall bearers at Indianapolis will be Dr. H. R. Allen, John B. Elam, Hugh Hanna, E. B. Martinale, Gen. Lew Wallace of Crawfordville, Hon. Wm. E. Niblack of Vincennes, John R. Elder and Theo. P. Haghey. All the members of the President's family, with the exception of his three grandchildren, will accompany the remains to Indianapolis. Besides the members of the Cabinet and probably the ladies of their families, it is also likely that Vice President Morton and family, Chief Justice Fuller and a few others will be specially invited to accompany the party. Mrs. Miller, Mrs. Rusk and other ladies of the families of members of the Cabinet called this morning and spent a short time with the family.

Mr. Cleveland sent to following dispatch to President Harrison this morning: To President Harrison, Executive Mansion, Washington:—

I hasten to assure you of my sincere sympathy in the hour of your terrible bereavement.

GROVER CLEVELAND.

Hon. T. Jefferson Coolidge, American Minister to France, sent a cable dispatch expressing his great sorrow. Mr. Coolidge has called a meeting of Americans in Paris for the purpose of adopting resolutions of sympathy. Hundreds of other messages were received from prominent persons from all parts of the country, from diplomatic representatives in foreign countries, religious societies, etc.

At the request of Mr. De Struve, Minister from Russia, the dinner which was to be given in his honor to-morrow evening by the Metropolitan Club, prior to his departure for Europe, has been indefinitely postponed because of the death of Mrs. Harrison.

The Supreme Court, through the Chief Justice, will also tender its collective sympathy. The death of Mrs. Harrison will interrupt for some time the social functions of Washington. The National Board of the Daughters of the American Revolution, of which Mrs. Harrison had been President since its inauguration, met this afternoon for the purpose of expressing the feelings of the Board on the death of Mrs. Harrison.

World's Fair Commission Matters.

CHICAGO, October 25.—The National World's Fair Commission to-day adopted resolutions of sincere sympathy with President Harrison.

There was a debate over the proposition of Commissioner Bullene of Missouri, to request Congress to take the necessary steps to secure a change in the name of this country from America to Columbia. Bullene derided the claims of Vesputi for the credit of discovering the continent, and demanded that Columbus receive the honor. Cochran (of Texas) made a speech against taking away the proud privilege of calling one's self an American citizen, and the resolution was laid on the table.

Nebraska for Weaver.

St. Louis, October 25.—An Omaha special says that three of the most influential Democrats of Nebraska, who were in secret session all of last night, decided to support the Weaver Presidential electors. The Democratic electors will be kept in the field, however, to maintain the party organization. As the three parties have been equally divided, it is believed that will certainly beat the Harrison electors.

Senator Hill Speaks in New York

New York, October 25.—Senator Hill in a speech here to-night said that the great reliance of the intelligent political observers for the success of the Democratic National candidates in the State, was placed upon the immense majority which is expected to be rolled up in the city, under the auspices of the magnificent organization of Tammany Hall.

Hill then turned his attention to the tariff and made an exhaustive argument against the constitutionality of Republican protection. He discussed the views of Madison and Jackson and said of the Democratic position: "We have not advocated and do not advocate free trade. We denounce Republican protection as a fraud, as robbery of the great majority of the American people for the benefit of a few. In the truthful but vigorous language of the Democratic National platform, it will be observed it is Republican protection that is thus denounced, not the mild protection of our early history. Republican protection becomes worse and more intolerable as the years roll on."

Speaking of the Force bill Hill said that this issue alone makes the South solid for the Democratic party. In concluding he said: "Our cause is worthy the support of every patriot. Reforms which we demand are necessary for the safety and welfare of the Republic. We demand a change of system, change of Administration and a change of parties that we may have a change of measures and of men."

Polygamy on the Decrease.

WASHINGTON, October 25.—Arthur L. Thomas, Governor of Utah, in his annual report to the Secretary of the Interior, says polygamy in the Territory is on the decline. He says he does not believe any polygamous marriages have taken place during the year with the consent or permission of Mormon leaders, and it is his conviction that there is a sincere intention on the part of the Mormon people to not approve or sanction polygamous marriages in the future. He says it is to be regretted that the sincerity of the whole people in seeking to accomplish this great reform would be placed under suspicion by the acts of a few, but such is the case. It is sure to be some time, and it may be years before the practice of unlawful cohabitation will entirely cease.

In regard to the admission of Utah as a State, Governor Thomas says: It is my opinion, having due consideration for the wishes and feelings of all, between the two great elements of the population, Mormon and non-Mormon, the sympathy of feeling and harmony of purpose does not exist which is so essential to the prosperity and happiness of a people under Statehood, yet it would be an act unworthy the justice of a great Government to turn a deaf ear to the appeal of men who, in Utah, always upheld its authority and obeyed its laws.

Fatal Railroad Accident.

SACRAMENTO, October 25.—There was a fatal railroad accident at Davisville, 14 miles west of here at 7:30 this evening. An extra engine which had been doing relief work on the Vacaville division, was heading for this city and collided with the engine of the Calistoga branch freight train which was switching cars at the station named. Engineer H. L. Griffey of the Vacaville engine, and his fireman, George West, jumped, and Griffey was killed, having broken his neck in jumping. West escaped uninjured. Engineer Monroe and Fireman Larimer of the other engine were considerably bruised, but were not seriously injured. Larimer jumped, but Monroe stayed with his engine. He was covered up with coal from the tender and it took some time to extricate him.

Two Suits for \$50,000 Each.

CINCINNATI, October 25.—J. H. Hamlin, a theatrical manager, and the Walnut street Theater Company to-day filed two suits, each for \$50,000 damages, and an injunction against labor organizations and officers. The suits are based on the recent strike of State employees of the union, and plaintiffs allege the organizations interfered with the business of the theaters by threatening a boycott and otherwise.

Judge Butler issued temporary injunctions, and stated that summary punishment would follow any violation of the injunction.

BORN.

PORTER—In Reno, October 25, 1892, to the wife of Frank Porter, a son.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are

distress some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently, on the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms, removes the systemic effects of the disease, banishes the headache, and refreshes the tired mind.

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat gave me a full, oppressive feeling, and I was constantly distressed, and I did not feel like eating. I would expect to starve to death. I took Hood's Sarsaparilla, and it did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced."

A WOMAN'S MAIL.

Pathetic Appeal to Party Prejudices.
Duck Flat, October 18, 1892.
My Dear Friends:—I received your let-
ter and the papers you had the kindness to
send me, the first I have seen since the last
campaign, yesterday, and hasten to assure
you that I am still "true blue" for the G.
O. P., and will vote whatever is called the
Republican ticket from top to bottom.
GREATLY ASTONISHED.
You greatly surprise me when you say
that many of the leading business men of
Reno, and the most intelligent of our
farmers who were formerly R.-publicans,
are now trying to send W. M. Stewart
back to the United States Senate. Why,
did he not denounce our party from his
place in the Senate, and say that all our
leaders in the East were the subservient
tools of the money oligarchy of Wall
street, in New York, and the Shylocks
of Threadneedle and Lombard streets in Lon-
don, and did he not at the same time pro-
claim that these same "money sharks," I
think he called them, would dictate the
nomination of our President at Minneapo-
lis? Admitting this to be true, for it has
since been proven, the offense could have
been forgiven, had he not added insult to
injury by taking up the Bland bill after
it had been killed in the Democratic House,
breathing new life into it and passing it
through the Senate. For two days this
"Old Man Eloquent," this "Grand Old
Man," as they call him, stood in his place
and denounced the men who committed the
crime of '73, and showed the almost
incalculable benefits the full restoration of
silver, as money, would be to the whole
people of the United States. When it is
taken into consideration that he passed
through the Senate the free coinage bill,
against the expressed commands of the
moneyed lords of Wall, Threadneedle and
Lombard streets, and against the known
wishes of their present Vicegerent, Benj.
Harrison, or Grandfather's hat on a
Geiser pole, I say he committed a crime
against the Republican party that should
neither be overlooked, condoned nor for-
given.
PROSPERITY OF NO CONSEQUENCE.
Suppose all the blessings which he so
graphically painted were to follow upon the
remonetization of silver, and that in our
own State, especially, all our industries
would be imbued with a new life and en-
ergy; that the desert places would bloom as
the "flower garden"; that immigration would
flow into Nevada, and that the homes
where hunger, desolation, want and misery
now sit enthroned, would then be filled
with plenty, peace and happiness, what
does all this amount to as a free Republi-
can? His purposes are as fixed as the
adamantine rocks, and no wall of agony or
moan or distress ever finds a responsive
chord in his heart. As the soldier rushes
to the battle, knowing nothing, fearing
nothing, so your true Republican, "un-
caring consequences," hastens to obey the
behests of his masters, the lords of Wall
street, and such is his faith and zeal, that
like Abraham of old, he ever stands ready
to immolate his Isaac upon the Republican
altar at their behests.
STEWART REBUKED.
But didn't the "old man eloquent" get
it in the neck when he sent his infamous
free coinage bill to the Lower House? In
all that body he only got eight Republican
votes, and one of them was the gallant
Barzize, who has since repented and is
now doing valiant service for his party and
the "people be damned." This vote con-
clusively shows that the Republicans are
quadruply opposed to the remonetization
of silver. You greatly surprise me when
you tell me that even your election is
doubtful unless Duck Flat stands in for
you to a man. What can have come over
our old Republican friends? Have you
told them that you still prefer party suc-
cess to your State's prosperity and that
you will use your every endeavor to per-
petuate and build up the Lords of Wall
street?

TARIFF AND THE RAILROADS.

Have you shouted for high protective
tariff and the McKinley bill? Let me show
you how you can demonstrate the benefits
of this most admirable law in a few words.
A farmer in Washoe sends below for one
hundred pounds of sugar. The railroad
tariff is one dollar and twenty-eight cents.
Show that twenty-eight cents is ample
margin for profit and demonstrate to him
how thankful he should feel and how
greatly his family will be benefitted by his
toiling from the rising of the sun to the
going down of the same through the broil-
ing heat to earn this dollar to give the
railroad company for nothing. Explain
this fully and show that in effect it is the
same as the McKinley bill. Show your
entire accord with that bill and I think you
may with great propriety modestly speak
of your own praiseworthy efforts and tell of
the sleepless nights and wearisome days
you have spent in the past in buying, herd-
ing and driving up to the polls free, un-
biased, enlightened American citizens to
cast their votes for the men and measures
of the great Republican party.

A FINAL APPEAL.

All this faltering, threaten with the
dire calamities that will follow the accep-
tance of the People's party to power. Show
them that a vote for the electors of Weaver
and a Stewart Legislature will be a vote for
the full remonetization of silver, which in
our own State will result in giving an in-
creased impetus and energy to our every
industry, and in the next few years double,
yes, quadruple our population, and
throughout our country build up millions
of happy homes, feed the hungry, clothe
the naked, care for and nurture the sick
and decrepit, give full and steady employ-
ment to impenetrable tramps, but worst
and most to be dreaded of all is the proba-
bility that it will free the people from the
death grip now held upon their lives and
property by our noble Lords of Wall
street. That will I oh them. Still strong
in the faith, I remain with you for the
party first, last and all the time.
TIZZY FLETCHER.

"The Showway"

The great English melodrama, "The
Showway," with its wealth of magnificent
scenery, intricate plots and real, reformed
burglars will be the attraction at the Reno
Opera House next Saturday night, October
23, and it is safe to state that the house
will be overcrowded to see this, the fore-
most of dramas now on the stage. "The
Showway" this season, which is its sixth,
is in the zenith of its fame. The scenery
is all entirely new, as are the effects, and
the company a new one. Managers Latt
and Davis could secure, reversal of the money
living been in the original cast.

Highest of all in Leavening Power.—Latest U.S. Gov't Report.

Royal Baking Powder
ABSOLUTELY PURE

A JOBBING FALSEHOOD.

It is Flatly Contradicted by Senator Stewart.

To THE EDITOR OF THE JOURNAL.—A
statement is going the rounds of the papers
in this State on the authority of the Salt
Lake Tribune, to the effect that an oppo-
sition was presented in Congress to secure
the passage of a law to purchase and coin
six million dollars worth of silver bullion
per month and also to buy up the surplus
in New York and coin it into silver dollars.
The statement is false. The proposition
was to buy and coin enough silver bullion
to take the place of such national bank
notes as might be retired under the exist-
ing law, which, previous to that time, had
been from twenty to thirty millions per
annum. This proposition was advocated
by me and passed the Senate by nearly a
two thirds vote during Cleveland's admin-
istration.

A contrivance to deceive was invented
by John Sherman and others and presented
to the caucus. The proposition was to
issue \$200,000,000 of two per cent bonds
to be taken up by the banks and also to
allow to banks to issue dollar for dollar for
the bonds deposited instead of ninety per
cent. It was also proposed to purchase
\$12,000,000 of silver bullion then held by
the silver pool on speculation and save
that pool from threatened loss. I inquired
of Mr. Sherman whether, under the pro-
visions of the bill which was presented to
the caucus there would not be a large in-
crease of national bank notes. He was
forced to admit it. I then inquired of him
if any silver bullion under the provisions
of his bill, would be purchased and come
to take the place of national bank notes to
be retired. He admitted that there would
be none. I then said to him that so far as
the purchase of silver is concerned the
proposition is simply to purchase the \$12,-
000,000 held by speculators. He inquired
of me if I knew of any members of Con-
gress who were engaged in the speculation.
I replied that I did not, but that if we
should pass a bill to relieve the pool, the
country would believe every man engaged
in the passage of such a bill a member of
that pool.

When I made this exposure of the
character of the proposition presented to
the caucus, the scheme was dropped.
The entire proposition was unfriendly to
silver. It was a cunning scheme to in-
crease the national bank circulation and
commit the Senate to an increase of the na-
tional debt for the purpose of perpetuating
the bounty to national banks, and by that
means to avoid the necessity of coining
silver. Who ever reported the proceed-
ings of that caucus to the "Tribune"?
misrepresented the facts. If I had not
been stubborn on that occasion silver
would have received its death-knell by
another cunning device of John Sherman.
Yours truly,
WM. M. STEWART.

Deserves Attention.

If you have money to invest in Reno
real estate, either in large or small amounts,
the Reno Real Estate and Investment
Company offers most particular inducements
to you. By investing in its shares
of stock you participate in its investments
which are governed by its able and experi-
enced Board of Trustees, consisting of Mr.
C. T. Bender, Mr. Sol Levy, Mr. C. O.
Powning, Mr. Geo. F. Turrittin and Mr.
A. G. Fletcher. The principle object of
the company is to purchase and improve
centrally located business property in the
city of Reno. Everyone is of one mind as
to the desirability of such investments.

The company is incorporated with a cap-
ital of \$100,000, divided into 20,000 shares
of the par value of five dollars each, and
from its already large list of share holders
there is every reason to believe that it is
destined to become one of the most flour-
ishing companies in the State. Of its 20,-
000 shares there have been 12,000 sold
since August 1st.

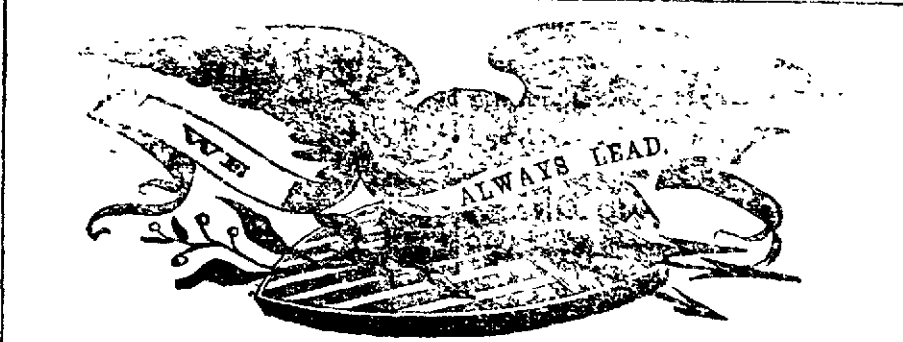

Its shares are sold upon the monthly in-
stallment plan of ten cents per share, in-
stallments to range over a period of fifty
months. In this way persons of moderate
means are enabled to combine and partici-
pate in investments that usually only fall
to the lot of the fortunate capitalist. Mr.
F. M. Lee, the Secretary of the company,
will be pleased to furnish any desired in-
formation.
